Introducing GAP Weekly Newsletter

Happy New Year! As part of PSHA's Grassroots Advocacy Program (GAP), we will be sending out weekly email updates with information and/or requests for action. The purposes of the GAP include:

- Advocating for a new licensure law that reflects our current scope of practice and offers consumer and professional protection for both speech-language pathology and audiology
- Ensuring that consumers are aware of the qualifications of professionals in speech-language pathology and audiology
- Increasing public awareness of our professions
- Advocating for other legislation related to our professions

Contest: Filling the GAP!

From now through January 22nd, whoever recruits the most people to become members in the GAP will receive **free registration for one year for all PSHA webinars!!!**

Simply email a list of names and email addresses of new members to Craig Coleman at craig.coleman@chp.edu between now through January 22nd.

Membership in the GAP is free and it is open to anyone, not only speech-language pathologists or audiologists.
